## A Family-Oriented Training and Enrichment Center

*Achieving Together!*

### Recreational Program:

The recreation program will usually consist of 8-week sessions and one 10-week session in the summer where students can choose 4, 6, or 8 weeks to attend classes. That is our U-Pick Flex Session for the summer. Billing will occur on a session basis where each year has 6 sessions for a total of 50 weeks. This leaves 2 weeks with no recreational program. Winter break will consume 1 of those weeks and the week of the 4th of July holiday will consume the other. School make-up classes are available for holidays occurring within the sessions.
